SAMPLE INTERLOCAL AGREEMENT

THIS CONTRACT is entered into by (Insert Name of County) County, herein referred to as "the County", and the (Insert Name of District) District, herein referred to as "the District".

WITNESSETH THAT:

WHEREAS, the County is the recipient of a Treasure State Endowment Program (TSEP) grant to (Describe the Project) owned and operated by the District; and

WHEREAS, this Contract between the County and the District will enable them to enhance cooperation in implementing the County's TSEP award to accomplish the above-described project; and

WHEREAS, the County, in its capacity as a TSEP grantee, has determined that the District can better supervise the design and construction phases of the (water and/or sewer) system; and

WHEREAS, the Montana Department of Commerce (MDOC) has required the County to enter into a contract with the District specifying the terms and conditions of the County's delegation of certain TSEP grant management responsibilities to the District; and

WHEREAS, both parties to this Contract understand that neither local government involved herein has in any way, expressly or implied, abrogated any of its individual powers, and that this Contract does not create any new organization or legal entity.

NOW, THEREFORE, THE COUNTY AND THE DISTRICT MUTUALLY AGREE AS FOLLOWS:

- I. Responsibilities Delegated to the District
 - A. The District will, subject to prior approval by the Board of County Commissioners, retain the services of a consulting engineering firm to design and supervise the construction of the project.
 - B. The District will be responsible for all facets of the design and construction phases of the project, including the following:
 1. Design engineering;
 2. Construction engineering;

3. Except as provided by paragraph IV. Administration below, compliance with all applicable state and federal requirements;
 4. Except as provided by paragraph IV. Administration below, compliance with all other state and federal requirements as described in the MDOC TSEP Project Administration Manual;
 5. Preparation of construction bid documents; and
 6. Supervision of the bid process, the awarding of construction contracts, and construction of the project. The selection of the project contractor will be subject to the ratification of the County Board of Commissioners and bid solicitation documents will reflect this requirement.
- C. The District and its consulting engineer will receive, review, and approve all requests for payment for the items contained in paragraph B, above, and prepare and submit such requests to the County Board of Commissioners in a timely fashion in accordance with established procedures.
- D. During the term of this Contract, the District will maintain reasonable records of its performance hereunder in a manner consistent with generally accepted accounting principles. The District will allow the County and MDOC and their authorized representatives access to these records at any time during normal business hours. At the request of the County, the District will submit to the County, in the format prescribed by the County, status reports on its performance under this Contract.
- E. The District will provide documentation that the local share of the project that exceeds TSEP funds may be accessed by the County for the project no later than the time of construction bid award.

II. Payment of Design and Construction Costs Incurred by the District

In consideration of the District's acceptance of the responsibilities described in paragraph I, above, the County agrees to the following:

- A. Upon receipt of a valid claim for payment from the District for allowable project costs as specified in the County's contract with MDOC, a copy of which is appended as Attachment A of this Contract, and which by this reference is made a part hereof, the County will request the required amount of TSEP funds from MDOC and upon receipt of these funds, the County will

honor the District's claim and pay the engineer or contractor accordingly.

- B. Each payment for engineering and construction costs will be drawn from TSEP and District funds (if applicable) in amounts that are proportionate to the percentage that such funds represent of the total cost of the project as specified in Attachment B of Attachment A.
- C. The County will deduct a retainage from each payment request equal to five (or ten) percent of the request, submitted by the District for construction costs incurred by the project contractor and hold this retainage until construction is completed, the engineer approves final payment, and the project is accepted, all in accordance with the conditions of the construction contract. (Note: A retainage requirement is optional.)
- D. The County will also withhold one percent of the amount of any claim submitted by the contractor and will forward this amount to the Montana Department of Revenue pursuant to section 15-50-206(2), MCA.
- E. The County may refuse to pay any claim which it deems not valid under the terms of the TSEP contract with MDOC (Attachment A). Any agreement between a TSEP recipient and a subrecipient, such as a water or sewer district, should include a "Scope of Work" which includes a description of the work to be performed, a schedule for completing the work, and a budget. These items are standard components of any TSEP grant agreement which is referred to here as an attachment.)

The District's facilities will be constructed or improved as described in the TSEP contract with MDOC (Attachment A) and the District will continue to own and operate those facilities subject to the limitations contained in subparagraph B.

Upon the expiration of this Contract the District will transfer to the County any TSEP funds on hand at the time of expiration and any accounts receivable attributable to the use of TSEP funds.
